

MEADOWBANK #4 –Miniroo Configuration

NOTE:

1. Use "6 Yard Box" as goal line. Extend by marking with cones
2. Use penalty spot as edge for new "penalty area"
3. Use edge of existing penalty box as "defenders line" for goalkicks.

These marking make penalty box slightly larger (ie 6M instead of 5m)
And a 6M (instead of 5M) retreat form goalkicks. **HOWEVER** they utilize existing marking on field and provide clarity for players, coaches and referees.
