

## RYDE PANTHERS PLAYER REGISTRATION DISCOUNTS

It is a requirement of Football Federation Australia that all players must be registered **through My Football Club**. It is **CRITICALLY IMPORTANT** that you register before 12<sup>th</sup> March so that you can play in the first match of the season. Unfortunately it is difficult to set up the registration system on My Football Club to be able to determine all RDP available discounts.

### The discounts that may apply to an individual registration include:

- Second Family Member      5% for second registration in a family.
- Large Family                      10% for third and subsequent registrations in a family.
- Referees                              50% for players who are active referees with GHFRA in Season 2018.
- Coaches                                50% for players/parents who are coaching a junior team in 2018.

To be awarded these discounts we ask that you please email this completed form to [info@rydepanthers.football](mailto:info@rydepanthers.football) indicating which discounts you are applying for. This will be checked against your registration and a refund will be determined if you have paid the full fees. Alternatively, if you chose to press 'Manual Payment at Club' when registering, the amount you need to pay can easily be determined and payment can be made directly to the Club.

***NOTE: You must register before the 24<sup>th</sup> February (MiniRoos and Juniors) to get the early-bird discount.***
