6) SAFE CELEBRATING

TO: ALL CLUBS AND ASSOCIATIONS = Celebrating Safely at End of Season Events

As the football season comes to an end, clubs are encouraged to be aware of their obligation when it comes to mad Mondays, end of season trips away and presentation award nights.

History shows that these activities whether sanctioned or not by the club can result in binge drinking and inappropriate behaviour and attract negative attention for the club and the sport.

There have been several incidents involving sporting clubs and excessive drinking across the state in the last few years. These include:

- arrests for drunk and disorderly behaviour
- reports of abusive and violent behaviour
- racial and sexual abuse
- accounts of vandalism and trashing of property
- drink driving incidents
- deaths resulting from alcohol poisoning or violence; and
- bad publicity including front page news

Please read the following fact sheet and forward to your members.
